photographs and video for
Property Marketing”*

Real Estate Services

About Us

Altitude Imaging has been providing a comprehensive commercial drone service specialising in the provision of aerial photography, video, survey and inspection solutions for a range of industries since 2012.

Based in Perth, Altitude Imaging is one of Australia's most experienced certified commercial drone operations companies with a track record of successful projects across city, urban and remote country locations.

Altitude Imaging is fully certified and insured, the company holds CASA ReOC 0669 and our pilots all hold CASA Remote Pilots Licenses.

Real Estate Services

Altitude Imaging provides the real estate industry with brilliant aerial photographs and video. Drone photography and video is our business. Stunning images are our trademark and we guarantee results that meet or exceed your expectations first time every time. We are a safe, certified and insured team of drone photographers who have worked on thousands of properties across Perth.

Our work is regularly viewed across all marketing platforms from signboards through to social media sites. We ensure your shoot goes off without a hitch and guarantee that your images and video are perfectly framed, brilliant, colourful and vibrant.

Enhance your marketing with our suite of photography and video 'add-ons' that will take your campaign to the next level. Altitude Imaging provides image and video editing, graphic overlays, custom branding and image enhancements.

We can provide you with an unrestricted aerial view of your property and create an amazing interactive experience that can be included in any website and viewed on any device. By converting a set of images into an immersive 360° panoramic scene your audience is able to view the local area as if they were actually there.

"Raise your marketing to new levels with Altitude!"

Our Service

- ✓ When you engage our services we represent you on site. We ensure that your Vendor and the Public sees a friendly, professional and efficient service provider.
- ✓ Safety is our number one priority. Our pilots are highly experienced, authorised and fully certified.
- ✓ We take Privacy seriously, we are always friendly and accommodating when approached by the general public and will always take the time to explain why we are operating in the area.
- ✓ We ensure Public privacy with strict in-house policy and by ensuring that all employees hold valid National Police Clearances.
- ✓ Whilst it is not necessary, you are welcome on site to see how we work and offer any creative direction.
- ✓ We maintain \$20 million public liability insurance and operate under a strict industry code of practice.

"One thing that has never changed is our guarantee. In the unlikely event you are not completely satisfied with our work, don't stress, we will reshoot any job at no additional cost. No hassle... No argument."

Our Terms

- If you are not happy with the result we will re-shoot at no additional cost.
- Most projects will be delivered within 24 hours of the time of the job being photographed.
- Overlays and general image amendments are usually available within 24 hours of receiving your instruction.
- We give you free and full use of the images without royalty or copyright fees on payment of our invoice.
- Our services are weather dependant and whilst our highly capable drones can fly in almost all weather conditions, good video and photography require reasonable weather and sunlight. We will work to your schedule as best we can and appreciate your flexibility where required.
- Payment is due in full within 14 days of the date of invoice. Any queries are to be within the 14 day period.
- Late payments incur an interest charge of 1% per month.
- Payment by Credit Cards incur a 2% surcharge.
- Prices are valid at the time of publication or quote and are subject to change without notice.
